awards.nzcompare.com

We had an amazing time last year at the Hunua Rooms for the 2022 NZ Compare Awards and so we're heading back for 2023!

After last year's amazing evening, the 2023 event will certainly be the must attend industry event of the year! The 7th year of the NZ Compare awards will continue to evolve and grow around the three core award sectors of Broadband, Power and Mobile. As the popularity of bundled plans continues to increase and

the lines between the utility providers continue to blur it is more important than ever for consumers to have more information to make a fully informed choice on their providers for these essential services.

With an audience of up to 350 senior decision makers from across the telco, broadband, mobile and energy sectors the NZ Compare Awards offer a fantastic opportunity to showcase your brand, product or service to a valuable and hard to reach audience.
